## 16 Day Canada & Greenland Cruise Aboard Princess Cruise Lines . . . “Caribbean Princess” August 19 – September 4, 2019

Don't miss this cruise of a lifetime! So seldom is *Greenland* a stop on a Canada Cruise so don't miss this awesome opportunity to visit this beautiful and remote country – and no flying required! More than three times the size of the state of Texas, Greenland is the world's largest island, noted for its vast tundra and immense glaciers. Interestingly, it remains a part of the Kingdom of Denmark, but the Greenlandic people are primarily Inuit (Eskimo). The capital of Greenland is Nuuk, which is one of your stops. The shore excursions will be fascinating for sure!

This exciting adventures takes place aboard the *Caribbean Princess*, as she sets sail with a multi-million-dollar array of luxurious enhancements. In March 2017 she underwent a \$8.2 million revitalization - you'll find enhancements to enrich your cruise experience at every turn. From staterooms that offer a more restful sleep, to endless tempting new dining options, you'll find Caribbean Princess herself has come back new. From your ship's balcony, relax and enjoy the spectacular views of Eastern Canada and Greenland – scenery you can only experience aboard a cruise ship.
