DAY 4 – Amboseli National Park

Morning and afternoon game-viewing drives are in store for today. An exciting game-viewing drive takes place this afternoon. Herds of elephants scratch the dry bed of the Tarangire River searching for underground streams, while migratory wildebeest, zebra, buffalo, impala, gazelle, hartebeest and eland crowd the shrinking lagoons. It's the greatest concentration of wildlife outside the Serengeti ecosystem - a smorgasbord for predators – and the one place in Tanzania where dry-country antelope, such as the stately fringe-eared oryx and peculiar long-necked gerenuk, are regularly observed. **Meals: B, L, D**

Unmatched for its natural variety and breathtaking beauty, there are few places on earth where such a tremendous diversity of landscape exists in an area of this size. After the game-viewing drive, return to your Serengeti lodge for dinner. **Meals: B, L, D**

DAY 9 – Serengeti National Park

With rolling plains and grasslands stretching as far as the eye can see, the Masai Mara is home to the black-maned lion, Savannah (African) elephant, Cape buffalo, wildebeests, cheetah, hyena, rhino, topi, Burchelle's zebra and Masai giraffe.
