### **Monday – June 26<sup>th</sup>**: (Breakfast/Dinner)

### **Tours - Tours - Tours**

A delicious **Breakfast** starts your day and is followed by departure with your local **Canadian Tour Guide** for a comprehensive tour of the **Niagara Falls** area! Highlights of this morning’s tour include a visit to **Table Rock**, famous for its thundering water rushing over the brink at Horseshoe Falls. **Table Rock** was the first major vantage point of the **Falls** and site of the most notable rockfall in July of 1850 when nearly one-third of the point collapsed into the Niagara Gorge. Not to be outdone, see the fascinating **Niagara Whirlpool**, a natural whirlpool that formed more than four-thousand years ago due to erosion caused by the Niagara River. The **Whirlpool** is 125 feet deep and has a counterclockwise spinning motion! Time is included to visit the **Floral Clock**, a unique exhibit featuring over 16,000 carpet bedding plants, a 10 foot wide water garden and a clock tower housing **Westminster Chimes** that ring on the quarter-hour. Experience the raw power and peril at **White Water Walk**, a Class 6 white-water rapid showcasing nature’s beauty and might. Located on the beautifully manicured grounds of **Niagara Parks Botanical Gardens**, you may not believe your own eyes when you see the **Butterfly Conservatory**, where more than 2000 vibrantly colored butterflies live in a lush tropical paradise! Enjoy lunch on your own midday in the **Falls Area** following an exciting morning of touring. The “*Highlight of Your Day*” features an amazing “*Up Close and Personal Experience*” to the **World Famous Falls** aboard the **Hornblower!** Your thunderous voyage brings you face to face with the Falls, allowing all your senses to come alive as you witness firsthand the power and awe of the Niagara River pounding the lake below. Cold clouds of water dance high into the air surrounding visitors with mist created by this wondrous feat of nature. **Dinner at Table Rock House**, located on the brink of the **Canadian Horseshoe Falls**, feature spectacular views of the **Falls**. What a perfect ending to your day!

### **Tuesday – June 27<sup>th</sup>**: (Breakfast/Dinner)

### **Niagara - Niagara-On-The-Lake**

**Breakfast** at the hotel is followed by departure for another exciting day of tour and travel! Travel this morning takes you on a visit to the **Welland Shipping Canal**, a very important shipping canal connecting **Lake Ontario** and **Lake Erie**. Also, a key section of the St. Lawrence Seaway and Great Lakes Waterway, the canal was instrumental in the development of Niagara. During the winter months, the canal is closed and drained for maintenance. More than 3,000 vessels transporting 40 million tons of cargo use the **Welland Canal** each year. It is also a top destination for tourists during the summer months. Touring continues into historic **Niagara-on-the-Lake**, Canada’s first capital. Once you arrive in town, there will be free time on Main Street to visit the dozens of quaint shops and have lunch on your own. A visit will be made to **Chocolate FX** for a glimpse into how chocolate is “panned.” Enjoy a sample and maybe purchase sweet treats for your return trip. A tour to a local **Winery** will also be made for a chance to sample the local wines and to learn about wine making in the region. Return to your hotel this afternoon for a chance to freshen up before departure for the last evening’s farewell event. Welcome to the **Greg Frewin Dinner Theatre** for . . . **Wonder – A Magical Journey!** This “*magical*” spectacular features a fresh, innovative, and invigorating performance you must see to believe or maybe . . . not to believe? Enjoy a delicious dinner before the excitement begins.
